

Theodore (Ted) Rozema, M.D., FAAFP, FACAM

Current Position:

Founder and Medical Director of the BioGenesis Wellness (Medical) Center in Landrum and Columbia, South Carolina for the past 24 years

Consultant in Alternative Medicine, Metal Toxicity, Chelation Therapy, Researcher and Enroller for the TACT (Trial to Assess Chelation Therapy) funded by NIH

Personal Data:

Born April 11, 1934, South Haven, Michigan, USA

Home address: 990 Hunting Country Road

Tryon, N.C. 28782

Mailing address: Box 1241, Tryon, N.C. 28782

P: 828-859-9933

F: 828-859-5333

email: rozt@globalvision.net

Office address:

1000 Rutherford Road

Landrum, SC 29356

P: 864-457-4141

F: 864-457-4144

email: biogenesis@alltel.net

Education and Training:

South Haven High School, South Haven, Michigan, 1952

Undergraduate Education: Wheaton College, Wheaton, Illinois, 1952-1955

Medical Education: Northwestern Medical School, Chicago, Illinois, 1955-1957: 1958-1960

B.S. in Medicine, Northwestern University, 1956

Post Sophomore Graduate Research Fellowship in Neuroanatomy -

Attended the Sorbonne, Paris France, Summer Session , 1957-1958

M.D. Degree: Northwestern University Medical School 1960

Research Assistant for R.R. Green, MD, Chairman, Department of OB-GYN

Internship: Cook County Hospital, Chicago Illinois, 1960-1961

Trained in: General Practice, Obstetrics, Surgery, Acupuncture, Environmental Medicine, Chelation Therapy, Industrial Medicine, Anti-Aging Medicine and Nutrition

Licensure:

Illinois	9/21/61	#36-37405
North Carolina	3/15/75	#19880
South Carolina	6/10/75	# 07407

Publications:

Metabolic responses during magnesium disodium EDTA administration. Plzen. lek. Sborn 1990;Suppl. 62: 177

The Scientific Basis of EDTA Chelation Therapy, second edition: co-author with Bruce Halstead, M.D. TRC Publishing, Tryon, N.C. 1997

The Protocol for the Safe and Effective Administration of EDTA and other Chelating Agents for Vascular Disease, Degenerative Disease and Metal Toxicity, Special Edition, ACAM, 1997

Chelation Therapy: co-author with Mitchell J Ghen: in: *Clinician's Complete Reference to Complementary and Alternative Medicine*, Donald W. Novey, MD, Ed. Mosby, Inc. St Louis MO, 2000

Protocol for the Safe and Effective Administration of EDTA and other Chelating Agents for Vascular and Degenerative Diseases:, Chapter 32, in: *A Textbook on EDTA Chelation Therapy*, second edition: Elmer M. Cranton, MD, Ed. Hampton Roads Publishing Company, Inc. Charlottesville, VA 22902, 2001

Teaching and Professional Experience:

46 years Clinical Practice of Medicine

24 years practice of Chelation Therapy for Metal Toxicity

Vaughn Medical Group, Chicago, Illinois, General Practice 1961

USAF Base Medical Officer, Lackland AFB, San Antonio, Texas, 1961-1963

Vaughn Medical Group, Chicago, Illinois, General Practice, 1963-1964

General Practice of Medicine, Waukegan, Illinois, including obstetrics, general surgery, and extensive experience in industrial medicine. 1964-1977

President of the Lake County chapter of the AAGP, 1970-1971

Initiator of the Waukegan Medical Data Center

Initiator of the Victory Memorial Hospital Emergency Physician Service

Industrial Physician for Johnson Motors Company 1967-1972

Chief physician for the school system of Waukegan, Illinois, 1966-1976

Physician for Marriott's Great America construction years, Gurnee, Illinois, 1975-1977

Other industrial experience: in Waukegan - Physician for Sears Roebuck, JJG Construction Company.

Moved to Tryon, North Carolina in 1997 and opened a new medical practice in Landrum, South Carolina in 1978 has been at the same location till the present time.

Was the Medical Consultant for GAB Business Services, Greenville, South Carolina, Did industrial medicine for: Boomer Industries, Landrum, South Carolina, Bigelow-Sanford Industries Landrum, South Carolina, South Carolina Elastic Corporation, Landrum, South Carolina, Forbes Industries, Tryon, North Carolina and Barnet Southern, Tryon, North Carolina. Was a Liability Examiner, Department of Social Services and have received numerous certificates of appreciation from civic clubs.

Changed the character of the medical practice to wellness medicine in 1983

Past President of the American College for Advancement in Medicine (ACAM) 1999-2001

Past President and presently Director of the Great Lakes College of Clinical Medicine (GLCCM) now the International College of Integrative Medicine (ICIM)

President of the American Association of Alternative Medicine (AAAM)

President of the Health Research Foundation, Inc. (HRF)

Board Member of the American Board of Clinical Metal Toxicology (ABCMT) 1983 to present

Secretary of the International Board of Clinical Metal Toxicology (IBCMT) 1983-2005

Secretary of the American Board of Clinical Metal Toxicology (IBCMT) 1983 to 2005

Advisor to the International Board of Clinical Metal Toxicology (IBCMT) 2005 to present

Secretary of the International Board of Advanced Longevity Medicine (IBALM)

Advisor to the Italian Society of Chelation Therapy (ISCT)

Created the International Chelation Research Foundation. Advisor to the president, and

Participant in the creation of the first double blind study, FDA approved, utilizing EDTA in Peripheral Vascular Disease at Walter Reed Army Hospital

Created the Health Research Foundation, to promote the scientific study of alternative medicine and integrate useful therapies into standard medical practices

Presented original research at the III International Chelation Conference, Georgetown

University, Washington, DC on: *Serum Biochemical Changes in Vivo During Na₂MgEDTA Infusions*, 1989

Produced a Conference on Lead and Cadmium for GLCCM, 1991

Chairman of annual seminar of heavy metal toxicity and their removal with chelating agents
1992-1996 -- 2001-2005 for GLCCM/ICIM - Metal Binding in Medicine

Instructor in EDTA chelation therapy, nutrition, life style modification, EDTA toxicity, fatty acid metabolism, and atherosclerosis, 1986-2000, for the American College for Advancement in Medicine (ACAM)

Participant in the section on "Outcomes Research" for the Office of Alternative Medicine, NIH
4-95

Speaker on chelation therapy at the First and Second Annual International Congress on
Alternative and Complementary Medicine, Washington D.C. 1995-1996

Lectured on chelation therapy for metal toxicity for the American Association of
Environmental Medicine. 1995

Lectured in Sao Paulo, Brazil at the 7th Orthomolecular conference on Toxic metals and
Chelating agents 5-97

Lecturer in Chelation Therapy workshop, Copenhagen, Denmark 8-97

Lectured to the South Carolina Osteopathic Medical Association on Mercury Toxicity and
Alternative and Complementary Medicine 3-98

Creator of the American Association of Alternative Medicine, Inc. A membership based
organization to educate the public about alternative medicine and to assist in obtaining
insurance coverage for alternative medical procedures

Lecturer on Integrative Medicine for the Medical Association of Jamaica 7-98

Principal investigator in a study of lead poisoning in children using EDTA suppositories in the
Dominican Republic and India through the Health Research Foundation

Panel member on treatment protocols for Lead Toxicity in Bangalore, India, Sponsored by the
George Foundation 2-99

Testified in the Congress of the United States on the benefits of Chelation Therapy 3-99

Participant and lecturer on chelation therapy at the First International Conference on
Integrative Medicine in Taiwan, ROC, 8-99

Participant and consultant to the Ministry of Health in Singapore to produce a pilot study of
chelation therapy for angina, 8-99

Initiated and provided funding for a study on EDTA suppositories to remove lead from
poisoned children in Bangalore India through the Health Research Foundation, 2000-2001

Lectured on chelation therapy to the Nevada Osteopathic Medical Association, Las Vegas, Nevada, 5-00

Presenter at the Ortho-Biomolecular Medical meeting in Sao Paulo, Brazil, 5-00

Participant in the first Industry Leadership Summit on Integrative Medicine, 5-00

Presenter at the National Heart Lung and Blood Institute and National Center for Complementary and Alternative Medicine on chelation, Washington, DC 6-00

Participant and lecturer on chelation therapy at the Second International Conference on Integrative and Anti-Aging Medicine in Taiwan, ROC, 8-00

Lectured on Metal toxicity and its relationship to Longevity at Furman University, Greenville, SC 1-01

Lecturer on chelation therapy at the "Medicine in the New Millennium - Fringe or Frontier?" conference, Auckland, NZ 3-01

Participant in the second Industry Leadership Summit on Integrative Medicine, 5-01

Participant in the symposium on Manganese in: INFACON 9, Quebec City, Canada 6-01

Participant and lecturer on chelation therapy at the Third International Conference on Integrative and Anti-Aging Medicine in Taiwan, ROC, 9-01

Presenter at the Ortho-Biomolecular Medical meeting in Sao Paulo, Brazil, 6-02

Participant and lecturer on chelation therapy at the Fourth International Conference on Integrative and Anti-Aging Medicine in Taiwan, ROC, 10-02

Participant and lecturer on chelation therapy for the European Workshop and Teaching Center, Frankfurt, Germany, 3-04

Participant and moderator at the 7th International Symposium on Chelating Agents in Biomedicine, Toxicology and Therapeutics, Pilsen, Czech Republic, July, 04

Participant and lecturer on chelation therapy at the Fifth International Conference on Integrative and Anti-Aging Medicine in Taiwan, ROC, 9-04

Participant and lecturer on chelation therapy at the South African Clinical Metal Toxicology Association, 11-04

Plenary presenter on Nutritional Support in Vascular Disease at the Integrative Medicine for Anti-Aging conference, Las Vegas Nevada, 5-05

Created workshops on basic and advanced nutrition and clinical metal toxicology for the 6th International Conference on Integrative and Anti-aging Medicine in Taiwan ROC, 10-05

Participant and lecturer at the above workshops as well as the full meeting in Taiwan ROC, 10-05

Presenter at the Institute for Functional Medicine conference, Tampa Fl, April 20-21, 2006, Managing Biotransformation: Toxic Metals in Medicine. The Imperative to Respond Clinically

Presenter to the staff at the South Carolina Prison in Turbyville, SC - May 12, 2006 on How to recondition your body through a healthy lifestyle.

Lectured in Taiwan in both chelation therapy and nutrition workshops, 9-06

Participant and lecturer on chelation therapy at the South African Clinical Metal Toxicology Association, 10-06

Presented information about healthy living and body reconditioning to the Widows of Veterans in Florence, SC 2-07

Lectured about "Toxic Metals in the Human Body - Can Anything be Done About it?" For the Greenville Integrative Medicine Conference, 3-07

At present: doing full time medical practice, chelation advisor and clinical investigator for the Trial to Assess Chelation Therapy funded by the National Institutes of Health, doing research of metabolic and clinical effects of chelating agents. Speaker on chelation therapy, metal toxicity, anti-aging, preventive medicine and nutrition.

Honors and Awards:

Received Award from Charles University, Czechoslovakia for participating, lecturing and assisting in five International Conferences on Chelating Agents, Plzen Czechoslovakia, 1987-2001

Countries lectured in:

Brazil X 3

Costa Rica

Czechoslovakia X 1

Czech Republic X 5

Denmark

Germany

India

Jamaica

New Zealand

Singapore

South Africa X 2

Taiwan X 7

USA X multiple
